F 0689  Level of Harm - Actual harm  Residents Affected - Few	During a post survey telephone interview with Registered Nurse (RN) OO on 12/18/22 at 3:55 p.m. revealed that she was sitting at the nurse's station when R#45's daughter called and was informed at this time that resident had spilled soup on herself and had burns. She stated that up until this point that the staff was not aware that resident had been burned. She further stated that while sitting at the desk she does recall R#45's call light being on at least once.
