F 0689 Level of Harm - Immediate jeopardy to resident health or safety	 6. Resident #4's care plan/Kardex was updated on 09/06/2021 by the CNE to include review of elopement evaluation and Wander Guard. 7. RN and LPN Charge Nurses immediately completed a visual validation of the facility's resident census check. All residents, 69 of 69 were present inside the facility. This was completed on 09/06/2021 at 7:20 PM. 			
Residents Affected - Few	8. Maintenance director checked al	Il doors to ensure they were functioning	a correctly.	
	 8. Maintenance director checked all doors to ensure they were functioning correctly. 9. Staff interviews regarding the elopement were conducted by the CNE and or CED with staff who had been working at the time of the event on 09/06/2021. 			
	10. Record review of elopement assessments, care plans, and Kardex's was conducted on all residents residing in the facility. 69 of 69 facility residents records were reviewed starting 09/07/2021 and completed on 09/07/2021 by the CNE, Unit Managers, RN and/or LPN to identify any new elopement risks and determine whether the care plan and Kardex reflected the current needs of the resident. The elopement risk evaluations for all at risk residents, care plans and Kardex's were reviewed and updated by the licensed nurse.			
	11. Staff re-education was immediately initiated by the CED, CNE, NPE, Unit Managers and Licensed Nurses beginning on 09/07/2021. All remaining staff members and newly hired staff members completed education prior to reporting for their next assigned shifts. The re-education for all staff included: (A.) Review of Center Policies on elopement prevention and management to include exiting the facility to determine that a resident was not outside the facility, and including securing the fire doors when the alarm was sounding.			
	(B.) Supervision needs of residents	residents assessed as at risk for elopement.		
	(C.) Review of the facility policy for residents at risk for elopement.	acility policy for following each resident's person-centered care plan or Kardex regarding elopement.		
passing score of 100% was required. Staff and cont		t employees were to complete a posttest to validate their learning. A . Staff and contract employees not available were to be provided the Nurse, Unit Managers and/or Licensed Nurses, and complete a posttest perfore providing care.		
	(E.) All newly hired employees and contract employees were to have the elopement education by the CNE, HR/Payroll, Resource Nurse, Unit Managers and or Licensed Nurses and complete a posttest during orientation.			
	no concerns identified.
